1.About this grant

The new \$1 million Activating State Heritage Grant program is being trialled to increase public engagement with items listed on the NSW State Heritage Register (SHR). It is designed to protect and promote our State's heritage by incentivising owners to invest in heritage activation.

We are looking for applications that can demonstrate a better use of space, engage community in heritage, contribute to community wellbeing and support economic activity and vibrancy within our local areas.

A single grant will be allocated through a three-stage process:

- Stage 1: Expression of Interest (EOI) – this will be a review against the eligibility criteria.
- Stage 2: Application stage - eligible applicants will be invited to submit further details to support their proposal. All applications submitted during Stage 2 will be assessed and ranked.
- Stage 3: Heritage PitchFest - The top ranked applicants will be asked to pitch their project to a Judging Panel - with the successful project awarded \$1 million.

This is a competitive funding round eligible applicants can apply for up to \$1 million in matched funding for the activation of State heritage listed items.

The successful project must be delivered between January 2023 and mid to late 2025.

3. Who can apply?

You are eligible under the Activating State Heritage Grant category if you:

- are the owner, manager, long-term lessee or custodian of an item listed on the SHR in NSW:
 - with written support of the owners of the site (if you are a manager or lessee),
 - with written support of all owners or owners' corporation (if the site has multiple owners).
- have legal responsibility for maintenance and repair of the SHR listed item.
- agree to provide matched funding for the project.
- are a local council, business, non-government organisation, community group or individual who has their operations and headquarters in NSW (if you are a business or incorporated entity).

How to check an item is on the State Heritage Register

The SHR is a statutory list of items (places and objects) which represent heritage of particular importance to the people of NSW.

All types of heritage listings are included on the State Heritage Inventory. To check if an item is on the SHR search the State Heritage Inventory at www.heritage.nsw.gov.au/search-for-heritage/state-heritage-inventory.

If the item you search for shows up as blue, it means that it is State Heritage Registered and is eligible for funding.

Who can't apply?

You cannot apply for the Activating State Heritage Grant if:

- your property is not a SHR listed item.
- you are a State or Federal Government agency.
- the SHR item is owned and managed by a State or Federal government agency.
- the SHR item was acquired or leased from a State or Federal government agency in the last two years.
- the application is for a multiple site listing such as a large precinct or town with multiple owners.

4. What can you apply for?

You can apply for project funding if:

- it is for capital works and/or upgrades that activate and increase public accessibility and usage of a State Heritage Register listed item.
- there are no active or unresolved NSW *Heritage Act 1977* compliance issues at the site.
- the total value of the project is equal to or greater than \$2 million.
- most of the project will be delivered from January 2023 and completed by mid to late 2025.

Things to note

If your project impacts on Aboriginal Cultural Heritage, sites or objects or includes Aboriginal shared history or content you must show how you intend to undertake appropriate consultation with, and gain support and approval of, Aboriginal custodians/community.

We recommend you contact your local council's heritage advisor or engage a heritage specialist:

- to help plan your project so that it meets any heritage and legislative requirements; and
- if you are successful, to oversee the heritage aspects of the project and complete compliance certificates at key stages of the project.

Ramps, lifts, kitchen and bathroom upgrades and new amenity blocks will be considered if it can be demonstrated that they are essential to make the site accessible and usable.

What can't you apply for?

The types of projects that would not be given funding include:

- projects that do not meet the objectives of the Activating State Heritage Grant category.
- any project work and associated costs, not including pre-planning, that occurs before 30 Nov 2022.
- purchase of heritage buildings or items.
- relocation of buildings or items.
- new commemorative monuments, works or headstones.
- purchase of equipment for example lawn mowers etc.
- in-house project management by salaried officers as either voluntary or cash contributions.

- business set up or operating costs.
- programs, festivals or events.
- projects that will rely on ongoing grant funding.
- routine maintenance, such as lawn mowing, gutter cleaning, carpet cleaning, etc.

5. How much can you apply for?

There will be one successful applicant selected and awarded **\$1 million in matched funding**.

If successful you will need to contribute an equal cash amount towards the project delivery and have responsibility for the ongoing, long-term viability of the activated item.

Administration costs should not exceed 10% of the overall budget.

Things to note

Once the funding agreement is signed, you will receive the funding in stages against agreed milestones.

At least 10% of the grant is held until the project is finished. We will check the quality of the completed work and that all requirements have been met before making the final payment. The amount of the payment is based on actual project costs and you making a matching contribution.

Full conditions for payment will be outlined in the funding agreement and its payment schedule.

GST will be added to grants if you are registered for GST (except if a local government grant recipient).

The grant may result in financial, taxation, legal or other impacts. It is strongly recommended that you seek independent financial advice on any impacts of receiving a grant.

You may also seek advice from the Australian Tax Office if you have further questions about your individual situation.

6. Eligibility criteria for Stage 1 - EOI

The information in your EOI will be reviewed by Heritage NSW to check if you meet the eligibility criteria. Table 2 below gives a high-level overview of the key eligibility criteria reviewed at Stage 1 - EOI.

Table 2 Summary of key eligibility EOI criteria

What we will review	✓
The item or place is listed on the NSW State Heritage Register (SHR).	✓
You are an eligible owner or have relevant authorisation for the project.	✓
The project is for capital works and upgrades that will activate the site and increase public usage.	✓
You agree to provide matching funding and the total project cost will be equal to, or greater than, \$2 million.	✓
The project will be delivered around mid to late 2025.	✓
There are no <i>Heritage Act 1977</i> compliance issues at the site.	✓

7. Assessment criteria for Stage 2

All projects that meet the eligibility requirements during the Stage 1 EOI phase will be invited to Stage 2. To progress your application, you'll need to give further project details as shown in Table 3 below. This assessment criteria will be used to rank and shortlist the top applications.

The shortlisted applicants will be invited to the final stage and compete at the Heritage PitchFest in November this year.

Your application will only be assessed if it is complete.

Table 3: Assessment criteria

Criterion	What we will assess	We will consider
1	Long-term quality heritage outcomes .	Impact of the project on the site's heritage significance. We prioritise projects with longer term and more significant quality heritage benefits. We may consider how the project fits with any heritage management document for the site and uses best practice heritage management.
2	Increased usage at the site and range of participants involved (measure numeric use).	Current and expected usage at the site as well as the range of people who will have access to the site and how often.
3	Type of expected use and extent of public benefit or engagement (measure quality of use).	What the site can be used for, how it will be open for public use, and how that contributes to the community.
4	Level of enduring public benefit .	Sustainability/viability of the use and alternate uses. Long term benefit to the public. We may review documents such as a business case that support the project's viability and show community support.
5	Extent of heritage interpretation, celebration and acknowledgement .	How the project includes interpretation of the site's heritage values including Aboriginal cultural heritage.

Criterion	What we will assess	We will consider
6	Value for money.	We will review your project's detailed budget and scope as well as any supporting documents such as a cost benefit analysis to prioritise more cost-effective projects.
7	Quality of the project planning and proof of concept.	How well you have planned the project, including planning for risk. We will review the project scope and budget as well as who has/will be consulted.
8	Capacity and commitment to deliver the project.	<p>If the project is likely to be successfully completed. We may consider:</p> <ul style="list-style-type: none"> • delivery of any previous grants. • how realistic your project and budget is. • the degree of support, collaboration and/or partnerships you have with others with relevant expertise and experience. • strategic management or planning documents that provide proof of concept. <p>We may ask for evidence showing access to your financial contribution to the project.</p>
9	Availability of alternate funding.	Whether other funding sources are available and the likelihood of the project proceeding without this program's grant funding.

Heritage NSW reserve the right to consider any other relevant information that emerges following receipt of applications.

8. What happens next?

The next steps in the process have been outlined below in Table 4

9. What to expect if you are successful

If your application is successful:

- your name, details of your project and amount of funding provided will be published on the Heritage NSW website.
- you will have to sign a funding agreement with terms and conditions.
- you will have to contribute matching funding.
- any physical works must be done by qualified and experienced people and to appropriate heritage standards. Your project might have to be overseen by a Heritage Specialist.
- approvals must be given before you start any work. Find out more by visiting the Heritage NSW website www.heritage.nsw.gov.au/applications.
- you must comply with any local council planning, heritage and building requirements.
- you must use best practice heritage guidelines for quality heritage outcomes.
- you must acknowledge NSW government funding.
- you must agree to hold an official opening and participate in media throughout the application process and project implementation.
- you will need to regularly report back on key measures of success.

Heritage NSW will ask permission to use materials for media and publicity such as photos, videos, documents etc.

Before you start

We recommend that before you start any work, first confirm if you'll need:

- a permit under the *National Parks and Wildlife Act 1974*,
- approval under the *Heritage Act 1977*,
- approval by your local council, or
- a standard exemption or site-specific exemption under the *Heritage Act 1977*.

Examples of approvals or exemptions under the *Heritage Act 1977* that you should consider include:

- Section 57: Standard exemptions (for all SHR listed items), or site-specific exemptions.
- Section 60: Application for works not covered under Section 57. Requires an assessment via Heritage NSW.

You should also consider any Local Government or other legislative requirements before starting work.

Find out more by visiting the Heritage NSW website www.heritage.nsw.gov.au/applications.

Things to note

The process for getting approvals (such as those listed on page 14) is separate to this grant application process.

You can start any approval processes **before** submitting your EOI.

You can include the costs of any necessary approvals in your EOI. You don't need to have applied, or been approved for these, at the time of submitting your EOI.
